

**International Master Double Degree Program in  
Agrarian Trade and Marketing  
(EURUS AGRI)**

provided by  
Russian State Agrarian University - MTA, Moscow, Russia  
&  
Slovak University of Agriculture in Nitra, Slovakia

**Outstanding opportunity for you  
to add international dimension  
to your master education and learn  
more languages**

## Challenging study abroad experience and double diploma

- Two-year study program, including two semesters abroad. The first year is organized in Nitra, second in Moscow.
- Excellent opportunity to study in two important languages for global business: English and Russian.

- Graduates are ready for career in agribusiness, marketing, food retailing, international trade and they are able to apply theoretical knowledge in market environment within EU, Russia, Central Eastern Europe and Central Asia, too.

- Double degree is considered to provide graduates with a competitive advantage on the labour market and allow greater mobility among countries.
- Double Degree Program is provided by partner universities in Moscow and Nitra.
- No tuition fee paid at partner's university.

- Supported by Erasmus + program.
- Diploma specialization in marketing, trade, consumer studies and geoeconomic issues, too.
- Uncredible intercultural experience for your future career in agribusiness.
